

INNOVATORS OF INDUSTRIAL CERAMIC PRODUCTS

CUSTOM CRAFTED™ REFRACTORY SHAPES

MATERIALS

- Silicon Carbide
- 95-99% Alumina
- Mullite
- Fused Silica
- High Temperature Textiles
- Non-Wetting Ceramics

APPLICATIONS AND USES

- Burner Blocks
- Degassing Tubes
- Drop-In Liners (Holding Furnaces)
- Electrical Insulators
- Fabricated Insulation Kits
- Gas Distributors
- Immersion Tubes
- Kiln Car Blocks
- Kiln Furniture
- Laminated Tubes for Metal Transfer
- Launderers
- Low Pressure Riser Tubes
- Non-Ferrous Flow Control
- Point of Pour Filtering Vessels
- Pour Cups for Permanent Molds
- Sucker Tubes
- Tap Blocks

ADVANTAGES

Each part designed to fit your needs precisely.

Advanced forming techniques provide shapes with very tight tolerances and complex geometries.

Christy's manufacturing operation is ISO 9001 Certified!

Average delivery time is 3-4 weeks on custom parts.
